Sydney Health Partners | Geriatric Medicine Clinical Academic Group

In partnership with THE UNIVERSITY OF SYDNEY

Population Ageing and Health Webinar Series 2026

July 27th 2026

12.00pm - 1.00pm

Online via Zoom

Please join us for July's **Population Ageing and Health Webinar**. Organised by the University of Sydney School of Public Health in partnership with Sydney Health Partners Geriatric Medicine Clinical Academic Group.

This month's webinar will be presented by **Prof. Vasi Naganathan,** who will be presenting on **Evaluating "Models of Care" for Older People in the Real World: a walk through our experiences in CERA.**

Vasi Naganathan is Professor of Geriatric Medicine, Faculty of Medicine and Health, University of Sydney, Consultant Geriatrician, Concord Hospital and co-director of the Centre of Education and Research on Ageing (CERA). His research interests are wide including: health of older men, oral health, falls, fractures and osteoporosis, pharmacology in older people and the application of evidence-based medicine to older people. Vasi's clinical work mainly involves looking patients on the acute Geriatric Medicine wards and rehabilitation wards. He also does a monthly 2-day clinic in a regional area.

This webinar is part of a series, scheduled online for the 4th Monday of every month.
